Accountant's Compilation Report

I have compiled the accompanying statement of net position of Texas County Conservation District as of June 30, 2013; the related statement of revenues, expenses, and change in net position; and the statement of cash flows for the twelve months then ended. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express any opinion or provide any assurance about whether the financial statements are in accordance with the accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

My responsibility is to conduct the compilation in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Linda S. Woodruff CPA, P.C.

Guymon, Oklahoma**

Notes to Financial Statements

Organization

The Texas County Conservation District is a statutory district of the State of Oklahoma operating under the Oklahoma Conservation Commission. The District was created to implement soil conservation measures, and is financed by user charges and state governmental reimbursements.

Note 1 – Summary of Significant Accounting Principles

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) promulgated in the United States of America. The accounting and financial reporting treatment is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation are included on the statement of net position. The operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. Depreciation expense provides for capital assets based upon estimated useful lives.

Fund Accounting

The operations of the District constitute an enterprise fund, a proprietary fund type. Enterprise funds are used to account for operations that are financed and operated in a manner similar to a private business enterprise – where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis is being financed or recovered primarily through user charges. The District's fund is accounted for on the flow of economic resources measurement focus and uses the accrual method of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The remaining costs are reimbursed by the State Conservation group.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements

Note 1 – Summary of Significant Accounting Principles – Continued

Cash Equivalents and Investments

1. Deposits and Investments

Oklahoma Statutes authorize the District to invest in certificates of deposit, repurchase agreements, passbooks, bankers' acceptances, and other available bank investments provided that all deposits are fully covered by approved securities pledged to secure those funds. In addition, the District can invest in direct debt securities of the United States unless law expressly prohibits such an investment.

For financial statement presentation and for purposes of the statement of cash flows, the District's cash and cash equivalents are considered to be cash on hand, demand deposits and certificates of deposit with a maturity date of three months or less. Debt instruments with a maturity date of more than three months are considered to be investments. Investments are stated at cost.

On June 30, 2013, the District held deposits of approximately \$239,260 at financial institutions. The District's cash deposits including interest-bearing certificates of deposit are entirely covered by Federal Depository Insurance (FDIC) or direct obligations of the United States Government insured or collateralized with securities held by the District or by its agent in the District's name.

2. Fair Value of Financial Instruments

The District's financial instruments include cash and cash equivalents, investments, and accounts receivable. The District's estimates of the fair value of all financial instruments do not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of net position. The carrying amount of these financial instruments approximates fair value because of the short maturity of these instruments.

Note 2 – Income Tax

As a special district of a state government, the district is exempt from State and Federal income taxes.

Note 3 – Employee Benefits

Pension Plan

All full-time employees are covered by and must participate in the Oklahoma Public Employees Retirement Plan (OPERS). The District is not legally required to contribute to the OPERS, which is fully funded by the state and by contributions from covered employees.

Based on state statute, employees covered by the pension plan must contribute 3.5% of their gross earnings to the pension fund. The state is required to contribute 16.5% of gross earnings to the plan.

Post-Employment Healthcare Benefits

The District does not provide post-employment healthcare benefits except those mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and the District incurs no direct costs.

Guymon, Oklahoma**

Notes to Financial Statements

Note 4 – Compensated Absences

District employees are entitled to vacation and sick leave benefits in varying amounts based on their length of employment. It is the District’s policy to permit employees to accumulate earned but unused absences to specified maximums. With minor exceptions, compensated absences either vest or accumulate and are accrued when they are earned. Generally, employees are entitled to all accrued vacation leave upon termination. Employees are not compensated for unused sick leave upon termination. At the option of the employee, compensatory time off may be taken in lieu of cash payment for overtime worked. The expense and related liability for vested vacation benefits and compensatory time are not recorded in the District’s financial statements.

Note 5 – Property and Equipment

The District owns various equipment that is rented to individuals on an as needed basis. Additions to equipment are recorded at cost or, if contributed property, at their estimated fair value at time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The District does not maintain a capitalization threshold.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Office Equipment	7 years
Equipment	10 years
Building	40 years

Capital asset activity for the year is as follows:

	Balance 6/30/2012	Addition	Disposals	Balance 6/30/2013
Depreciable Assets				
Equipment	\$ 51,472.67	\$ 39,153.00	\$ -	\$ 90,625.67
Building &	563,622.00	11,105.38	-	574,727.38
Total	615,094.67	50,258.38	-	665,353.05
Accumulated Depreciation				
Equipment	12,739.06	12,944.15	-	25,683.21
Building &	351,045.35	18,721.16	-	369,766.51
Total	363,784.41	31,665.31	-	395,449.72
Net Depreciable Assets	\$ 251,310.26	\$ 18,593.07	\$ -	\$ 269,903.33
